

Two-Way RouteOne Integration

A more efficient approval process and faster callbacks!

ProMax's RouteOne integration gives you many advantages beyond eliminating double data entry and extra clicks.

- Submit directly to lenders
- Utilize the RouteOne decision screen
- Get faster callbacks

The screenshot displays the ProMax Dealer interface. At the top, there are navigation tabs for News/Info, Deals, New App, Credit Reports/DOE, Compliance, and Secure Dec. Below this is a 'Deal Summary' section with a table containing columns for Finance Source, Deal Information, FS App #, Tier, Buy Rate, Term, Amount, BY, and Type. The table lists several deals with their respective statuses (Approved, Conditioned) and dates. Below the table are buttons for 'Update', 'View/Print Credit App', 'Edit App', '+FS', 'Add CoApplicant', 'Print Decide', 'Expert to DSP', 'Lock To Book/Purchase %', and 'Dealer Rate Exception'. The 'Decision Details' section below shows a decision approved by Ally Test FS on 04/24/2015. It includes fields for Dealership Name, RouteOne App #, Submitted by, Applicant Name, FS App #, Analyst, and Analyst Phone. At the bottom, there are two tables: 'Deal Recap' and 'Additional Deal Information', both with columns for Decision and Application.
