

Recall Check

(844) 322-9034

*Don't sell a vehicle with what could be a catastrophic open recall
Protect your dealership with Recall Check*

One out of every four vehicles on the road has an open recall

Recall Check automatically monitors your entire inventory on a daily basis and checks every trade and delivery in real-time. You can access all open vehicle recall data with just the click of a button in ProMax or ProMax Mobile. It's easy to use and fully integrated into all pertinent Desking, Inventory, and Compliance modules. All recall information is accessible on the Open Recall Report: here you can designate vehicles as 'Do Not Sell', see whether parts are available, and track the progress of recalls that are currently being repaired in your service bay or at another dealership.

RECALL CHECK

- ✓ Live-check all VINs
- ✓ Entire inventory checked daily
- ✓ Spot check trades and deliveries
- ✓ Track recalls that are being serviced
